Office of the Director of Agriculture,
Madras.

From

G.A.D. Stuart Esq., I.C.S.,
Director of Agriculture, Madras.

To

The Secretary to Government,
Development Department, Madras.

Sir,

Subject:-Sericulture--Silk Industry in the Hudem village--Kudligi Taluk.

At the instance of the Revenue Divisional Officer, Rayadrug, I deputed the Sericultural Expert to visit Hudem village in the Kudligi taluk of the Bellary district, with a view to examining the possibilities of starting a silk industry there.

2. The Sericultural Expert, after inspection of the village, reports that the climatic, soil, weather, etc., conditions of the village are favourable to the starting of th industry in question and that influential persons of the village are anxious to take up this industry, some of them having promised to plant mulberry during the ensuing monsoon.

3. The Sericultural Expert does not, therefore, consider it necessary at present to open any farm or have any permanent establishment under the control of this department. All that is now required to help the ryots is to give them technical advice by sending a practical rearer from Kollegal.

who will start mulberry plantation at the beginning of the monsoon and then start rearing work when the leaves are ready and teach the ryots rearing methods.

4. The Sericultural Expert has, with some difficult recently secured a practical rearer and reeler, who demands pay at Rs. 25/- a month during his employment, exclusive of actual railway and road charges, both ways. It is proposed that this man should leave Kollegal for Hudem as soon as the monsoon bursts. The Sericultural Expert has issued the necessary instructions to prepare land for mulberry cultivation. I estimate that this practical rearer will be required for a period of about nine months to begin with, for planting mulberry and afterwards teaching the ryots in the rearing of silkworm and the reeling of silk.

5. I have, therefore, the honour to request that the Government will be pleased to sanction the appointment as temporary demonstration cooly of the man selected by the Sericultural Expert up to 31st March 1922 on a pay of Rs. 25/-, a month, with the usual travelling allowance admissible under the rules, to and fro.

6. This expenditure will be met from the lump provision of Rs. 10,000 made in this year's budget for the "Development of Silk Industry".

7. I have asked the Sericultural Expert to proceed with the scheme in anticipation of Government sanction.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Agriculture.

The Director of Agriculture, specifically (V.M para 5, m p 2 c 2) asks for the employment of a demonstration Coolie. It is not clear whether the Director's intention is to treat this post as superior for purposes of travelling allowance. For orders whether it is not sufficient to sanction the Director's proposals.

2. Whether the subordinate is called a Coolie or a Mistry, he may be declared entitled for temporary addition to pay

3. Subject to the above remarks the draft may be accepted
